APPLICATIONS

Portraiture reproduction & restoration work, presentation & display art, banner applications, paintings for commercial inkjet printers with medium to high volume output.

PRINTER & INK COMPATIBILITY

Designed for use with dye & pigment inkjet systems. The media has been manufactured and tested for use with Epson, HP, Canon and Lexmark printers. This canvas grade is also Latex ink compatible. We would strongly recommend using one of the PermaPROtect range of varnishes to increase image density and archival resistance.

STORAGE & CONDITIONS OF USE

The storage and use of the product should be in a climate and a temperature of 10 to 30° C at a relative humidity of 30 to 60%. Always keep the product in its original packaging or in archival quality folders. Where possible, always handle the paper or printed surface by its edges. All recommendations and product indications are for guidance, and are subject to our test criteria, these remain subject to change without prior notice. There is no guarantee that the same results can be consistent.
